

GUARDIAN EXPLORATION INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2023 AND 2022

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following management's discussion and analysis ("MD&A") should be read in conjunction with Guardian Exploration Inc.'s ("Guardian" or the "Corporation") unaudited condensed interim financial statements as at and for the three and nine months ended September 30, 2023 and 2022, and the audited financial statements as at and for the years ended December 31, 2022 and 2021. The financial data presented herein, including comparative periods, have been prepared in accordance with International Accounting Standard ("IAS") 34 "Interim Financial Reporting". Accordingly, certain information and disclosure normally included in audited annual financial statements prepared in accordance with International Financial Reporting Standards ("IFRS") have been omitted or condensed.

The commentary is as of November 1, 2023. The reader should be aware that historical results are not necessarily indicative of future performance.

Additional information about the Corporation, filed with the Canadian securities commissions, including periodic yearly and quarterly reports, is available online at www.sedar.com.

FORWARD LOOKING STATEMENTS

Certain of the statements set forth under "Management's Discussion and Analysis" including statements which may contain words such as "could", "expect", "believe", "will" and similar expressions and statements relating to matters that are not historical facts, are forward-looking and are based upon the Corporation's current belief as to the outcome and timing of such future events. There are numerous risks and uncertainties, certain of which are beyond Guardian's control, including: the impact of general economic conditions in Canada and the United States, industry conditions, changes in laws and regulations including the adoption of new environmental laws and regulations and changes in how they are interpreted and enforced, increased competition, the lack of availability of qualified personnel or management, fluctuations in foreign exchange or interest rates, stock market volatility and market valuations of companies with respect to announced transactions and the final valuations thereof, and obtaining required approvals of regulatory authorities. Guardian's actual results, performance or achievement could differ materially from those expressed in, or implied by, these forward-looking statements and, accordingly, no assurances can be given that any of the events anticipated by the forward-looking statements will transpire or occur.

NATURE OF OPERATIONS

Guardian Exploration Inc. was incorporated in Alberta as Guardian Resources Inc. on March 27, 2001. On May 14, 2001, Guardian changed its name to Guardian Exploration Inc., and it obtained Extra-provincial Registration in British Columbia on September 22, 2001. On April 21, 2006, Guardian amalgamated with Resilient Resources Ltd., a public company listed on the TSX Exchange. The amalgamated company continued under the name Guardian Exploration Inc.

The Corporation is engaged in the exploration and development of oil, natural gas and mineral properties in Western Canada. The Corporation's registered office is 1250, 639 – 5th Avenue SW, Calgary, Alberta, Canada and the principal place of business is 538 Hurricane Drive, Calgary, Alberta, Canada, T3Z 3S8. The Corporation is listed on the TSX Venture Exchange under the trading symbol "GX", on the OTCQB marketplace under the symbol "GXUSF" and on the Frankfurt Stock Exchange under the symbol "R6B".

All amounts are reported in Canadian dollars unless otherwise indicated.

CORPORATE UPDATE

During the nine months ended September 30, 2023 and year ended December 31, 2022, all of the Corporation's oil and gas wells remained shut-in.

For the nine months ended September 30, 2023, the Corporation recorded revenue of \$Nil (2022 - \$Nil),

reported a net loss of \$303,935 (2022 - \$401,596) and negative cash flow from operating activities of \$310,288 (2022 - \$253,771). As at September 30, 2023, the Corporation had a working capital deficiency of \$1,116,813 (December 31, 2022 - \$801,991).

These conditions indicate the existence of a material uncertainty which may cast significant doubt related to the Corporation's ability to continue as a going concern. If the going concern assumption is not appropriate, adjustments may be necessary to the carrying amounts and classification of the Corporation's assets and liabilities. The financial statements do not reflect adjustments that would be necessary if the going concern basis was not appropriate. Consequently, adjustments would then be necessary to the carrying value of assets and liabilities, the expenses and the statement of financial position classifications used. Such adjustments could be material.

During Q1 2020, crude oil prices declined dramatically, largely due to a drop in global oil demand triggered by the impact of the novel coronavirus ("COVID-19") and the disagreements between OPEC and non-OPEC countries with respect to production quotas. OPEC and other countries agreed in Q2 2020 to decrease production. These production curtailments, as well as government stimulus programs and other improvements in general economic conditions, resulted in a strengthening of commodity prices, although still below levels existing prior to March 2020. The full extent of the impact on the Corporation's future financial results is uncertain given the length and severity of these developments cannot be reliably estimated.

The current challenging economic climate relating to the effect of COVID-19 may lead to challenges in managing cash flows and the ability to raise the capital required to advance exploration activities.

Guardian's expenses for the nine months ended September 30, 2023 and 2022 consisted primarily of operating and general and administrative expenses, share-based compensation (non-cash) and gain on settlement of accounts payable (non-cash).

On February 26, 2021, the Corporation completed the acquisition (the "Acquisition") from DG Resources Management Ltd. ("DGM") and Graydon Kowal ("Kowal" and together with DGM, the "Vendors") of their interests in and to a mining property known as the Mount Cameron Property located in the Mayo Mining District in the Yukon (the "Assets").

In consideration for the Assets, the Corporation issued 4,000,000 Common Shares in the share capital of the Corporation to the Vendors and a 2% Net Smelter Royalty, which Net Smelter Royalty shall be repurchaseable by the Corporation from the Vendors at a price of \$1,000,000 for a period of five years. The Corporation also assumed debt in the amount of \$50,000 owed by Graydon Kowal to Dahrouge Geological Consulting Ltd. (an affiliate of DGM) and debt in the amount of \$10,000 owed by DGM to Dahrouge Geological Consulting Ltd. (the "Debt Assumption"). The debt assumed by the Corporation bears no interest and is payable in increments of \$15,000 semi-annually until repaid. During the year ended December 31, 2021, Graydon Kowal assumed the Debt in exchange for a non-interest-bearing promissory note.

In conjunction with the Acquisition, the Corporation completed a private placement as described in Note 10 of the financial statements. The Corporation used the proceeds from the private placement to fund the proposed work program for the Assets. Proceeds were used for expenditures which qualify as "Canadian exploration expenses" ("CEE") and "flow-through mining expenditures" both within the meaning of the Income Tax Act (Canada). The Corporation renounced such CEE in accordance with the rules and regulations of the Income Tax Act (Canada).

On February 4, 2022, the Corporation announced that it executed an agreement (the "Asset Purchase Agreement") with Dennis Moore ("Moore") for the purchase (the "Acquisition") of Moore's interests in certain mineral claims primarily located within the Tongass National Forest, Alaska, USA, known to the parties as the Kaigani claims (the "Assets"). The purchase price for the Assets will be satisfied through the issuance of 1,000,000 Common Shares in the share capital of the Corporation, a cash payment of US\$35,000 and a 1.5% Net Smelter Royalty. The Corporation will be entitled to buy back 1/2 of the Net Smelter Royalty at a price of US\$1,500,000 for a period of five years or 120 days from the date a preliminary economic

assessment is issued with respect to the claims, whichever is earlier. In the event that a drilling permit that enables Guardian to drill on the mining claims is issued within five years from the date of the Asset Purchase Agreement, Guardian will pay Moore an additional US\$25,000 and will issue Moore an additional 1,000,000 Common Shares. The Acquisition is an Arm's Length Transaction under the policies of the TSX Venture Exchange.

On February 17, 2022, the Corporation completed the Acquisition of the Assets for a purchase price of \$96,130, satisfied through a combination of cash and common shares. On Feb 17, 2022, the Corporation issued one million common shares at \$0.045 per common share for a cost of \$45,000 (see further details below), paid cash compensation of \$44,433 (US\$35,000) and capitalized legal fees of \$6,697 for total additions of \$96,130.

On March 28, 2022, the Corporation announced that it entered into agreements to retire \$1,084,771 of indebtedness owing under previously provided loans in exchange for common shares in the capital of the Corporation at a price of \$0.0525 per share. Completion of debt settlement was subject to approval from the TSX Venture Exchange (the "TSXV"), which was received on May 19, 2022.

On May 25, 2022, the Corporation issued an aggregate of 20,662,306 common shares to creditors. Of those shares, 19,505,707 were issued to Graydon Kowal, the President, CEO and a director of the Corporation and to companies owned by him in order to settle an aggregate of \$1,024,049 in loans made by Mr. Kowal and his companies.

The fair value of the 20,662,306 shares issued, being \$1,962,919, was determined based on the trading price of the Corporation's shares on the date of grant. As a result, a loss on debt settlement of \$878,148 was recorded in the statements of net loss and comprehensive loss.

During the year ended December 31, 2022, the Corporation received \$40,000 in the form of a grant from the Government of Yukon's Consolidated Revenue Fund for funding toward mining operating expenditures, as such, this amount has been reflected in the annual audited financial statements for the years ended December 31, 2022 and 2021 as other income in the statements of net loss and comprehensive loss.

The Corporation continues to seek business and acquisition opportunities that will increase shareholder value.

On November 10, 2022, the Corporation announced that it has entered into a loan agreement (the "Loan Agreement") with Deckland Inc. and Guardian Helicopters Inc. (collectively, the "Lenders") for the provision by the Lenders of a revolving loan of up to an aggregate principal amount of \$800,000 to be drawn down as required to be used by the Corporation to fund working capital requirements. Under the Loan Agreement, the Lenders may advance or re-advance funds from time to time provided that the maximum amount drawn shall not exceed \$800,000. All loan obligations under the Loan Agreement shall be repaid to the Lenders in full on demand. The loan is unsecured. No bonus securities will be granted to the Lenders for providing the loan.

CEBA LOAN

The Corporation received funds in the amount of \$60,000 related to the Canada Emergency Business Account ("CEBA") application. These funds are interest-free until December 31, 2022, at which time the remaining balance will convert to a 3-year term loan at an interest rate of 5% per annum. If the Corporation repays \$40,000 of the loan on or before December 31, 2022, there will be loan forgiveness of \$20,000. During the year ended December 31, 2022, the repayment deadline was extended to December 31, 2023. The Corporation has recorded a fair value of \$35,453 at the initial recognition date of the CEBA using an effective interest rate of 14%. During the nine months ended September 30, 2023, the Corporation recorded accretion of \$3,592 (year ended December 31, 2022 - \$4,789).

DECOMMISSIONING LIABILITIES

The total estimated undiscounted amount of cash flows required to settle the obligations at September 30, 2023 are approximately \$253,736 (December 31, 2022 - \$253,736) and are expected to be made over the next 2 years. The decommissioning obligations have been calculated using an inflation rate of 6.80% (December 31, 2022 – 6.80%) and an average risk-free rate of 3.28% (December 31, 2022 – 3.28%). A reconciliation of the decommissioning liabilities is provided below:

During the year ended December 31, 2021, the Corporation completed a private placement (the "Private Placement") whereby an aggregate of 2,000,000 Flow-Through Units at a price of \$0.10 per unit, and an aggregate of 2,100,000 Ordinary Units were issued at a price of \$0.05 per unit, for aggregate gross proceeds of \$305,000.

Flow-Through Units consist of one Common Share issued on a tax flow-through basis and one warrant issued on a tax flow-through basis ("Flow Through Warrant"). Each Flow-Through Warrant will entitle the holder to purchase one non-flow-through Common Share ("Ordinary Share") at a price of \$0.15 for a period of three years from the date of issuance.

Ordinary Units consist of one Ordinary Share and one non-flow-through warrant ("Ordinary Warrant"). Each Ordinary Warrant entitles the holder to purchase one additional Ordinary Share at a price of \$0.25 for a period of three years from the date of issuance.

The Flow-Through Warrants and the Ordinary Warrants are subject to an acceleration clause, such that if the closing price of the Corporation's common shares trading on the TSX Venture Exchange is greater than \$0.15 (for the Flow-Through Warrants) or \$0.25 (for the Ordinary Warrants) for 30 consecutive trading days, the Corporation may, by giving notice to the holders, accelerate the

warrant expiry date whereby such warrants will expire on the 30th day after the date on which the notice is provided.

On March 28, 2022, the Corporation announced that it entered into agreements to retire \$1,084,771 of indebtedness owing under previously provided loans and services in exchange for common shares in the capital of the Corporation at a price of \$0.0525 per share. Completion of debt settlement is subject to the approval from the TSX Venture Exchange (the "TSXV"), which was received on May 19, 2022.

On May 25, 2022, the Corporation issued an aggregate of 20,662,306 common shares to creditors. Of those shares, 19,505,707 were issued to Graydon Kowal, the President, CEO and a director of the Corporation and to companies owned by him in order to settle an aggregate of \$1,024,050 in loans made by Mr. Kowal and his companies.

The fair value of the 20,662,306 shares issued, being \$1,962,919, was determined based on the trading price of the Corporation's shares on the date of grant. As a result, a loss on debt settlement of \$878,148 was recorded in the statements of net loss and comprehensive loss for the year ended December 31, 2022.

Flow-through shares

During the year ended December 31, 2022, the Corporation raised \$Nil (2021 - \$200,000) on a CEE flow-through share basis and was required to incur a net total of \$Nil (2021 - \$200,000) of qualifying expenditures to renounce the tax deductions to investors. As at December 31, 2022, qualifying expenditures totalling \$200,000 were incurred. The flow-through share premium relating to the equity issuance during the year totalled \$Nil (2021 - \$195,980).

On February 4, 2022, the Corporation announced that it executed an agreement (the "Asset Purchase Agreement") with Dennis Moore ("Moore") for the purchase (the "Acquisition") of Moore's interests in certain mineral claims primarily located within the Tongass National Forest, Alaska, USA, known to the parties as the Kaigani claims (the "Assets"). The purchase price for the Assets will be satisfied through issuance of 1,000,000 Common Shares in the share capital of the Corporation, a cash payment of US\$35,000 and a 1.5% Net Smelter Royalty.

On February 17, 2022, the Corporation completed the Acquisition of the Assets and issued 1,000,000 Common Shares at a price of \$0.045 per Common Share.

Warrants

	Number of Warrants	Amount (\$)
Balance, December 31, 2021	4,100,000	160,655
Balance, December 31, 2022 and September 30, 2023	4,100,000	160,655

c) Stock options

The Corporation has a stock option plan under which directors, officers, employees and consultants are eligible to receive stock option grants. The stock options issued shall not exceed 10% of the issued shares of the Corporation at the time of granting of options. The exercise price and vesting terms of any options granted are fixed by the Board of Directors of the Corporation at the time of grant. There were no stock options issued during the nine months ended September 30, 2023 and year ended December 31, 2022.

On March 26, 2021, the Corporation granted an aggregate of 6,500,000 incentive stock options under its stock option plan to its officers and directors. Each option entitles the holder thereof to purchase one Common Share in the capital of the Corporation for a period of five years at a price of \$0.11 per share. The options will vest quarterly over a two-year period.

The stock options are not transferrable. The common shares issued upon exercise of the stock options will be subject to a four-month resale restriction from the date of grant.

The following is a summary of changes to the Corporation's share option plan:

	Nine Months ended September 30, 2023			Year ended December 31, 2022		
	Number	Weighted Average Exercise Price	Weighted Average Remaining Life	Number	Weighted Average Exercise Price	Weighted Average Remaining Life
Outstanding, beginning of period	5,500,000	\$0.11	3.25	6,500,000	\$0.11	4.25
Granted	-	-	-	-	-	-
Forfeited	-	-	-	(1,000,000)	\$0.11	-
Outstanding, at end of period	5,500,000	\$0.11	2.50	5,500,000	\$0.11	3.25
Exercisable at end of period	5,500,000	\$0.11	2.50	4,125,000	\$0.11	3.25

d) Per share amounts

Basic per share amounts are calculated using the weighted average number of shares outstanding of 104,076,054 during the nine months ended September 30, 2023 (2022 – 92,925,745). The calculation of diluted loss per share for the nine months ended September 30, 2023 and 2022 excludes the effect of all outstanding share options and warrants as they are anti-dilutive.

LIQUIDITY AND CAPITAL RESOURCES

During the nine months ended September 30, 2023, the Corporation incurred a net loss of \$303,935 (2022 - \$401,596) and had negative cash flows from operating activities of \$310,288 (2022 - \$253,771). As at September 30, 2023, the Corporation has a working capital deficiency of \$1,116,813 (December 31, 2022 - \$801,991) and an accumulated deficit of \$24,643,760 (December 31, 2022 - \$24,339,825).

RELATED PARTY TRANSACTIONS

In addition to transactions disclosed elsewhere in this MD&A and the Corporation's financial statements during the nine months ended September 30, 2023 and 2022, the Corporation has the following related party transactions:

- a) Legal fees in the amount of \$7,410 for the nine months ended September 30, 2023 (2022 - \$24,494) have been incurred with a legal firm of which a partner is the spouse of an officer of the Corporation. As at September 30, 2023, \$5,883 is payable to this legal firm (2022 - \$17,243) and is included in accounts payable and accrued liabilities.
- b) Total consulting fees, wages, salaries, benefits and other personnel costs included in the statements of net loss and comprehensive loss for the nine months ended September 30, 2023 were \$63,874 (2022 - \$83,309). The aggregate remuneration of key management for the nine months ended September 30, 2023 was \$49,660 in consulting fees, salaries and benefits (2022 - \$50,231). The Corporation considers key management personnel to be the CEO and CFO.

The transactions are in the normal course of business and initially recorded at fair value.

SETTLEMENT OF ACCOUNTS PAYABLE

Periodically, management negotiates the settlement of accounts payable at a value less than the amount recorded. During the nine months ended September 30, 2023, the Corporation recorded a gain on the settlement of accounts payable of \$Nil (2022 - \$18,389).

COMMITMENTS AND CONTINGENCIES

Contractual

Under the terms of an employment contract with the Chief Executive Officer, the Corporation is committed to pay (i) severance equal to 24 months' base salary; (ii) compensation for loss of employee benefits; (iii) all accrued but unpaid bonuses; and (iv) accrued and unpaid salary, benefits, perquisites and expenses to the termination date and any un-received vacation allotment.

Other

The Corporation is involved in a number of legal claims associated with the normal course of operations. The Corporation believes it has made adequate provisions for such legal claims. The Corporation has not presented a detailed breakdown of the claims as it may prejudice the position of management on these claims. While the outcome of these claims is uncertain, and there can be no assurance that such claims will be resolved in the Corporation's favour, the Corporation does not believe that the outcome of adverse decisions in any proceedings related to these claims, or any amount which it may be required to pay, would have a material adverse impact on its financial position, results of operations or liquidity.

MATERIAL TRANSACTIONS

On February 26, 2021, the Corporation completed the acquisition (the "Acquisition") from DG Resources Management Ltd. ("DGM") and Graydon Kowal ("Kowal" and together with DGM, the "Vendors") of their interests in and to a mining property known as the Mount Cameron Property located in the Mayo Mining District in the Yukon (the "Assets"). Details of the transaction are provided in the Property and Equipment section above.

During the year ended December 31, 2021, the Corporation completed a private placement (the "Private Placement") whereby an aggregate of 2,000,000 Flow-Through Units at a price of \$0.10 per unit, and an aggregate of 2,100,000 Ordinary Units were issued at a price of \$0.05 per unit, for aggregate gross proceeds of \$305,000. Details are provided in the Share Capital section above.

On March 26, 2021, the Corporation granted an aggregate of 6,500,000 incentive stock options under its stock option plan to its officers and directors. Each option entitles the holder thereof to purchase one Common Share in the capital of the Corporation for a period of five years at a price of \$0.11 per share. Details are provided in the Share Capital section above.

On February 4, 2022, the Corporation announced that it executed an agreement (the "Asset Purchase Agreement") with Dennis Moore ("Moore") for the purchase (the "Acquisition") of Moore's interests in certain mineral claims primarily located within the Tongass National Forest, Alaska, USA, known to the parties as the Kaigani claims (the "Assets"). The purchase price for the Assets will be satisfied through the issuance of 1,000,000 Common Shares in the share capital of the Corporation, a cash payment of US\$35,000 and a 1.5% Net Smelter Royalty. The Corporation will be entitled to buy back 1/2 of the Net Smelter Royalty at a price of US\$1,500,000 for a period of five years or 120 days from the date a preliminary economic assessment is issued with respect to the claims, whichever is earlier. In the event that a drilling permit that enables Guardian to drill on the mining claims is issued within five years from the date of the Asset Purchase Agreement, Guardian will pay Moore an additional US\$25,000 and will issue Moore an additional 1,000,000 Common Shares. The Acquisition is an Arm's Length Transaction under the policies of the TSX Venture Exchange.

On February 17, 2022, the Corporation completed the Acquisition of the Assets for a purchase price of \$96,130, satisfied through a combination of cash and common shares. On Feb 17, 2022, the Corporation issued one million common shares at \$0.045 per common share for a cost of \$45,000 (see further details below), paid cash compensation of \$44,433 (US\$35,000) and capitalized legal fees of \$6,697 for total additions of \$96,130.

On March 28, 2022, the Corporation announced that it entered into agreements to retire \$1,084,771 of indebtedness owing under previously provided loans in exchange for common shares in the capital of the Corporation at a price of \$0.0525 per share. Completion of debt settlement was subject to approval from the TSX Venture Exchange (the "TSXV"), which was received on May 19, 2022.

On May 25, 2022, the Corporation issued an aggregate of 20,662,306 common shares to creditors. Of those shares, 19,505,707 were issued to Graydon Kowal, the President, CEO and a director of the Corporation and to companies owned by him in order to settle an aggregate of \$1,024,049 in loans made by Mr. Kowal and his companies.

The fair value of the 20,662,306 shares issued, being \$1,962,919, was determined based on the trading price of the Corporation's shares on the date of grant. As a result, a loss on debt settlement of \$878,148 was recorded in the statements of net loss and comprehensive loss during the year ended December 31, 2022.

During the year ended December 31, 2022, the Corporation received \$40,000 in the form of a grant from the Government of Yukon's Consolidated Revenue Fund for funding toward mining operating expenditures, as such, this amount has been reflected as other income in the statements of net loss and comprehensive loss.

FINANCIAL INSTRUMENTS AND CAPITAL MANAGEMENT

The following table summarizes the classification of the Corporation's financial instruments under IFRS 9 Financial Instruments ("IFRS 9"):

Financial instrument	Classification
Cash	FVTPL
Prepays	Amortized cost
CEBA Loan	Amortized cost
Accounts payable and accrued liabilities	Amortized cost
Loans from related parties	Amortized cost

Financial assets

The classification of financial assets is based on the Corporation's assessment of its business model for holding financial assets and the contractual terms of the cash flows. The classification categories are as follows:

- Financial assets measured at amortized cost: assets that are held within a business model whose objective is to hold assets to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- Financial assets at fair value through other comprehensive income ("FVOCI"): assets that are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- Financial assets at fair value through profit or loss ("FVTPL"): assets that do not meet the criteria for amortized cost or FVOCI.
- Financial assets are initially measured a fair value and are subsequently measured at amortized cost using the effective interest method, or at FVOCI or at FVTPL.
- Financial assets are derecognized when the contractual rights to the cash flows from the financial asset expire or when the contractual rights to those assets are transferred.

Financial liabilities

The classification of financial liabilities is determined by the Corporation at initial recognition. The classification categories are as follows:

- Financial liabilities measured at amortized cost: financial liabilities initially measured at fair value less directly attributable transaction costs and are subsequently measured at amortized cost using the effective interest method. Interest expense is recognized in the statements of loss and comprehensive loss.
- Financial liabilities measured at FVTPL: financial liabilities measured at fair value with changes in fair value and interest expense recognized in the statements of loss and comprehensive loss.

A financial liability is derecognized when the obligation under the liability is discharged, cancelled or expires with any associated gain or loss recognized in other income or expense in the statements of loss and comprehensive loss.

Impairment of financial assets

At each reporting date, the Corporation assesses whether a financial asset or group of financial assets is impaired under the expected credit loss ("ECL") model. Loss allowances are measured based on (i) ECLs that result from possible default events within the 12 months after the reporting date ("12-month ECL"), or (ii) ECLs that result from all possible default events over the expected life of a financial instrument ("lifetime ECLs").

For short-term trade and other receivables, the Corporation applies the simplified approach and has calculated ECLs based on lifetime ECLs. Where information exists, the Corporation establishes a loss rate based on historical normalized credit loss experience. The loss rate is based on the payment profiles and aging of trade receivables and is adjusted to reflect current and forward-looking information on macroeconomic factors.

The amortized cost of the financial asset is reduced by impairment losses at an amount equal to the lifetime expected credit losses. Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amounts of the assets and the loss is recognized in the statements of loss and comprehensive loss. When a trade receivable is uncollectible, it is written off against the allowance for doubtful accounts.

Interest rate risk

At September 30, 2023 and December 31, 2022, the Corporation is not significantly exposed to interest rate cash flow risk in relation to its loan from related parties, which are at a fixed rate of interest.

Commodity price risk

The nature of the Corporation's operations results in an exposure to fluctuations in commodity prices. At September 30, 2023 and December 31, 2022, the Corporation had no financial derivative or physical delivery contracts in place.

Currency risk

Currency risk is the risk to the Corporation's earnings that arises from fluctuations of foreign exchange rates and the degree of volatility of these rates. The Corporation is not exposed to significant current risk. The Corporation does not use derivative instruments to reduce its exposure to foreign currency risk.

Capital management

The Corporation's objective is to safeguard its ability to continue as a going concern, so that it can continue to provide returns to shareholders and benefits for other stakeholders. The Corporation defines capital as shareholder equity, working capital and credit facilities, when available. The Corporation manages its capital structure, including making adjustments to its capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. The Corporation's objective is met by retaining adequate equity to guard against the possibility that cash flows from assets will not be sufficient to meet future cash flow requirements. The Board of Directors does not establish quantitative return on capital criteria for management; but, rather, promotes year over year sustainable growth in net income and cash flows. There have been no changes to the Corporation's objectives in managing capital or in management's management of capital in the current year.

The capital structure of the Corporation is as follows:

	September 30, 2023 (\$)	December 31, 2022 (\$)
Total shareholders' deficiency	(845,993)	(551,564)
Working capital deficiency	(1,116,813)	(801,991)

Credit risk

Credit risk arises when a failure by counterparties to discharge their obligations could reduce the amount of future cash inflows from financial assets on hand at the balance sheet date. The Corporation is subject to credit risk on its cash balance. The Corporation's cash is held at major financial institutions as well as a Trust account with the Corporation's legal counsel, and, as such, is subject to only minor credit risk.

Liquidity Risk

Liquidity risk includes the following, as a result of the Corporation's operational liquidity requirements:

- The Corporation will not have sufficient funds to settle a transaction on the due date;
- The Corporation will be forced to sell financial assets at a value less than what they are worth; or,
- The Corporation may be unable to settle or recover a financial asset at all.

The Corporation has cash of \$1,137 (December 31, 2022 - \$1,639) to settle current obligations of \$1,144,596 (December 31, 2022 - \$818,740) and will therefore need to source equity and/or debt financing to meet obligations as they come due. The loans from related parties are due upon demand. All accounts payable and accruals are due within thirty days.

OFF-BALANCE SHEET ARRANGEMENTS

There are no off-balance sheet arrangements.

BASIS OF BARREL OF OIL EQUIVALENT

For the purposes of calculating unit costs, natural gas has been converted to a barrel of oil equivalent (boe) using 6,000 cubic feet ("6 mcf") equal to one barrel (6:1), unless otherwise stated. The boe conversion ratio of 6 mcf: 1 bbl is based on an energy equivalency conversion method and does not represent a value equivalency; therefore, boe may be misleading if used in isolation. This conversion conforms to the Canadian Securities Regulators' National Instrument 51-101 – Standards of Disclosure for Oil and Gas Activities.

CRITICAL ACCOUNTING ESTIMATES

Significant accounting judgments, estimates and assumptions

The timely preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, as at the reporting date and the reported amounts of revenues and expenses during the year. Accordingly, actual results may differ from these estimates. Estimates and judgments reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

The following discussion sets forth management's significant judgments and estimates made in the preparation of these financial statements:

Critical judgments in applying accounting policies

The following are the critical judgments that management has made in the process of applying the Corporation's accounting policies and that have the most significant effect on the amounts recognized in the audited financial statements:

(i) Going concern

Management has applied judgements in the assessment of the Corporation's ability to continue as a going concern when preparing its financial statements. Management prepares the financial statements on a going concern basis unless management either intends to liquidate the entity or to cease trading or has no realistic alternative but to do so. In assessing whether the going concern assumption is appropriate, management takes into account all available information about the future, which is at least, but is not limited to, twelve months from the end of the reporting period.

(ii) Identification of cash-generating units

Property and equipment is aggregated into cash-generating-units ("CGUs") based on the ability to generate largely independent cash flows and are used for impairment testing. The classification of assets into CGUs requires significant judgment and interpretations with respect to the integration between assets, the existence of active markets, external users, shared infrastructures and the way in which management monitors the Corporation's operations.

(iii) Impairment of petroleum and natural gas assets

Judgments are required to assess when impairment indicators, or reversal indicators, exist and impairment testing is required. The recoverable amount of CGUs and individual assets is determined based on the higher of fair value less costs to sell or value-in-use calculations. The key estimates the Corporation applies in determining the recoverable amount normally include estimated future commodity prices, expected production volumes, future operating and development costs, discount rates, tax rates, and refining margins. In determining the recoverable amount, management may also be required to make judgments regarding the likelihood of the occurrence of a future event. Changes to these estimates and judgments will affect the recoverable amounts of CGUs and individual assets and may then require a material adjustment to their related carrying value.

(iv) Deferred taxes

Judgments are made by management to determine the likelihood of whether deferred tax assets at the end of the reporting period will be realized from future taxable earnings. To the extent that assumptions regarding future profitability change, there can be an increase or decrease in the amounts recognized in respect of deferred tax assets as well as the amounts recognized in profit and loss in the period in which the change occurs.

Key sources of estimation uncertainty:

The following are the key estimates and their assumptions concerning the sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing adjustments to the carrying amounts of the assets and liabilities.

(i) Decommissioning liabilities

The calculation of decommissioning liabilities and related accretion expense includes management's estimates of current risk-free interest rates, future inflation rates, future restoration and reclamation expenditures and the timing of those expenditures. In most instances, removal of assets occurs many years in the future.

(ii) Taxes

The amounts recorded for deferred tax assets are based on management's estimate as to the timing of the reversal of temporary differences and tax rates currently substantively enacted and the likelihood

of tax assets being realized. The availability of tax pools and other deductions are subject to audit and interpretation by taxation authorities.

(iii) Interest rate on CEBA loan

The CEBA loan is measured at fair value based on management's best estimate of the effective interest rate at initial recognition.

CORPORATE GOVERNANCE

Please see the attached Schedule "A" for information on the Corporation's Corporate Governance (Form 58-101F2).

AUDIT COMMITTEE

Audit Committee Charter

The Charter of the Corporation's Audit Committee is attached to this Management's Discussion and Analysis as Schedule "B".

Composition of the Audit Committee

The following are the members of the Audit Committee:

GUARDIAN EXPLORATION INC.

CORPORATE GOVERNANCE POLICY

CORPORATE GOVERNANCE DISCLOSURE (FORM 58-101F2)

The Board and senior management of the Corporation consider good corporate governance to be central to the effective operation of the Corporation and are committed to maintaining a high standard of corporate governance.

The Board has assumed the responsibility for the development of certain governance practices and mechanisms. Responsibilities with respect to corporate governance practices include: (i) establishing and reviewing member characteristics for the Board; (ii) evaluating, identifying and recommending nominees to the Board; (iii) monitoring and reviewing the education and development of members of the Board; (iv) recommending directors to serve as committee members and chairs; (v) reviewing and developing corporate governance guidelines, policies and procedures for the Board; (vi) establishing and implementing evaluation processes for the Board, committees and chairs; (vii) establishing procedures for the engagement of independent counsel by a director; (viii) reviewing disclosure by the Corporation; and (ix) reviewing and evaluating the Board's charter and efficiency.

The Board and the Corporation are devoting attention and resources to reviewing the Corporation's corporate governance practices and ensuring that the Corporation's system of corporate governance meets applicable legal requirements. The Board adopted the Charter of the Board (“Board Charter”) and a number of policies including policies related to insider trading, disclosure and the media, a code of business conduct and ethics (the “Code of Business Conduct and Ethics”), and a whistleblower policy (the “Whistleblower Policy”), to assist the Corporation in maintaining a high standard of corporate governance. With input from the relevant committees, the Board also created the charters of all of its committees including the Audit Committee and Technical Committee.

The Board had appointed Graydon Kowal as Chair of the Board. The Board consists of three directors who have significant experience in, and an understanding of the role and responsibilities of acting as a director.

Directorships

The Board currently consists of three directors and is actively seeking a fourth director. The Board has concluded that one of the three directors, Kevin Flaherty, is independent. Graydon Kowal and Roger Jewett are not considered to be independent by virtue of their executive positions with the Corporation.

The Board and committees hold regularly scheduled meetings with a view to facilitating regular open and candid discussion among the directors, including an entitlement for the directors to hold in camera sessions without management present at the meetings of the Board, as deemed necessary, which ensures that adequate structures and processes are in place to permit the Board to function independently of management.

Orientation and Continuing Education

The Corporation also provides directors with continuous opportunities to increase their knowledge and understanding of the Corporation's business. Briefings on strategic issues are conducted regularly, and typically include reviews of the competitive environment, the Corporation's performance relative to its peers, and any other developments that could materially affect the Corporation's business.

Ethical Business Conduct

The Corporation has adopted a Code of Business Conduct and Ethics. The Code of Business Conduct and Ethics sets out the purpose, scope and application of the Code and outlines general principles by which the Corporation is governed.

The Board has established a Whistleblower Policy to encourage employees, officers and directors to raise concerns regarding any matters, including accounting, internal controls or auditing matters, on a confidential basis free from discrimination, retaliation or harassment.

Nomination of Directors

The Board is responsible for identifying new candidates for Board nomination.

Compensation

The Board is responsible for determining the compensation of the directors and executive officers. The Board uses market data for comparable industry sectors in order to set compensation levels.

Other Board Committees

The Corporation has no committees other than the Audit Committee.

Board Assessments

The Board has not implemented a formal process for assessing its effectiveness or the effectiveness of individual members or committees. Due to the Corporation's size, its stage of development and the limited number of directors, the Board considers a formal assessment process to be unnecessary at this time. The Board continues to evaluate its own effectiveness on an ad hoc basis.
